

LE PIETRE DI SAMARCANDA
PORCELAIN STONEWARE

TIMUR GR

TIMUR GR

Ragno USA draws its inspiration from the world around it, interwoven with material and tactile sensations, with styles borrowed from cutting-edge fashion and design. Its development work is based on high quality technological and structural requirements to offer a strong, vibrant, dynamic, and versatile product, perfect for expressing projects and experiences, generating emotion and inspiration.

KHIVA BG

KHIVA BG

LE PIETRE DI SAMARCANDA is a brand new material, soft to the touch and enticing to the eye. An inspiringly fluid surface that builds on warm, vibrant backgrounds not afraid of wear and tear, because it has its own lived-in feel that appeals to the senses and adds to its beauty. LE PIETRE DI SAMARCANDA plays on the thickness of the material, the gleam of the glazes, the sophistication of the patterns for a genuine, personal style that leaves space to the imagination.

REGISTAN NO

REGISTAN NO

LE PIETRE DI SAMARCANDA has a primal appeal, enhanced by a velvety surface and simple patterns; a new kind of elegance that blends natural inspiration with contemporary references to create a new concept of style based on free emotion. The colors add to the allure of this material, fitting harmoniously into contemporary decor in a bewitching game of contrasts.

ZINDA BI

ZINDA BI

LE PIETRE DI SAMARCANDA marks out space and offers a sense of comfort and security, reinventing it, bringing out its structural and aesthetic features, interpreting it through original juxtapositions. The resistant, compact, fully vitrified stone-ware composition offers a structured, yet non-porous surface that guarantees excellent resistance to general wear, offering all the aesthetic appeal of natural stone along with the practical cleaning characteristics associated with non-absorbent materials.

Shade variations

The color and shade of all tiles vary to some degree. This variance can be from piece to piece and can also occur from production run to production run.

The Ceramic Tile Distributor Association (CTDA), in cooperation with tile manufacturers and distributors, has put together helpful literature entitled the CTDA Color Shade Variation Guide. This guide rates ceramic tile on a four-point scale and ranges from V1 through V4.

Instituting the CTDA's color shade variation guidelines you will reduce customer complaints and sell the unique and individual beauty of each ceramic tile.

V1 Slight Shade Variation

The range of color and/ or finish within the same shade is relatively uniform from tile to tile.

V2 Average Shade Variation

The range of color and/ or finish within the same shade is moderately noticeable from tile to tile.

V3 Heavy Shade Variation

The range of color and/ or finish within the same shade is distinctly different from tile to tile.

V4 Extreme Shade Variation

The range of color and/ or finish within the same shade is extensively random from tile to tile.

SHADE VARIATION AND APPLICATIONS				
V1  SLIGHT VARIATION		Residential	Commercial	Industrial
	Floor	•	•	
	Wall	•	•	•
	Countertop	•	•	•
	Pool	•	•	•

Water, oil, grease, or other fluids create slippery conditions. Floors with exposure to these conditions require extra caution in product selection and proper maintenance.

Care & Maintenance

Le Pietre di Samarcanda is a stain-resistant porcelain tile. Routine maintenance will keep your tile looking new for years to come.

Ragno USA's products are typically easy to install and maintain using the following general guidelines:

- Choose tile from same dye lot and caliber whenever possible
- Select tile alternately from several boxes and rotate when installing
- Follow industry-accepted installation practices as detailed by Tile Council of America "Handbook for Ceramic Tile Installation" or those recommended by the Ceramic Tile Institute of America
- Remove all grout residue promptly after application; neither acid cleaning nor sealing is recommended
- Clean regularly with clear water and/or a neutral (soapless) cleaner, wipe dry to lessen slippery conditions
